## Letter from the President

By Emilie Menard

Greetings SF Bay Area NAPNAP Members,

The board is wrapping up our July 2016-June 2017 terms and preparing for the next year. I want to acknowledge all the board members this past year who have worked with me to provide you with high quality continuing education events and communication about professional opportunities in the community. As you know, we have been looking for new members to join the board and I am excited about the interest shown by our membership. The ballot to select incoming board members will go out on May 15<sup>th</sup> with voting through the end of the week. The incoming board will be announced the week of May 22<sup>nd</sup>. Please vote!

Our May Continuing Education dinner is coming up on May 24<sup>th</sup> with registration closing at 5 PM on 5/16. Head to our website, [www.sfnapnap.org](http://www.sfnapnap.org), for more information and to register. This will be a great event focusing on cardiac murmurs.

We have also begun planning our Fall Conference which will be held on November 11 & 12. This year we are co-hosting with NAPNAP National to provide you with two full days of Pharmacology and General Pediatric Updates. Mark your calendars and stay tuned for more information.

As always, we appreciate your feedback and suggestions about how we can better serve our local membership. Please email [napnapsf@gmail.com](mailto:napnapsf@gmail.com) with any questions or suggestions.

Thanks, and we hope to see you at one of our upcoming events.

Emilie Menard RN, MS, CPNP-AC  
SF Bay Area NAPNAP President

## Legislative Report

By Torrie Patton & Julia Chang

This spring has brought a lot of change and uncertainty on the health policy front. On Thursday, May 4<sup>th</sup>, the House moved forward with legislation to replace the Affordable Care Act (ACA) by passing the American Health Care Act (AHCA). While the AHCA as it is written leaves many of the provisions of the ACA in place, it also makes major changes, particularly with regards to cuts in federal Medicaid spending. As the Senate now reviews and possibly rewrites the AHCA, we will have to (cont.)

## Legislative Report (cont.)

keep an eye on how the movement of shifting responsibility to states will impact the children and families we serve in California.

With that regard, we are keeping an eye on several bills in the California State Legislature that addresses improvement in access to care. First, AB 1560 aims to replace the current mandatory 1:4 MD to NP supervision ratio with a 1:18 MD to NP ratio. Additionally, AB 1368 would expand the ability of NP Medi-cal providers to be designated to sign Medi-cal authorizations, such as durable medical equipment. Senate Bill 746 would authorize NPs to perform a physical examination for participation in school interscholastic athletic programs. Finally, SB 554 would grant NPs the ability to prescribe buprenorphine for the treatment of opioid addiction.

As pediatric nurse practitioners, it is crucial that we continue to advocate for improved access to care for all of the children we serve. If you are interested in getting involved, you can send an email to [webmaster.sfnapnap@gmail.com](mailto:webmaster.sfnapnap@gmail.com) for more information. Also, we are very excited that NAPNAP will be hosting a Capitol Hill Day in Washington, D.C., on Monday, November 6, 2017.
