Letter from the President

By Allison Anderson

Hi SF Bay Area NAPNAP Members,

I hope you all enjoyed a wonderful summer! While most people are disappointed to see summer end, I personally look forward to the fall every year. To me, fall symbolizes a time for change, a time to shed our leaves to make room for new growth. And what better way to kick off the new season and strive for personal and professional growth than with an amazing Annual Fall Conference? Our CE chairs have been working hard to prepare for a full day of fantastic speakers so that you can bolster your knowledge base and improve the care you provide to our pediatric population. Come to learn more about caring for victims of sexual assault, what is new with e-cigarettes and vaping, transgender care, updates on common dermatology, urology, and newborn conditions, and more! Please visit http://www.sfnapnap.org/ for program details and registration information. Register before September 13, 2019 to take advantage of our discounted Early Bird ticket prices, and refer a friend to receive $20 off your original ticket cost!

If you cannot make it to the Fall Conference, I hope you can join us for future CE events in the Winter and Spring, as well as our Annual Winter Fundraiser.

Thank you for your continued support of our NAPNAP Chapter, and I look forward to meeting you at the Annual Fall Conference.

Sincerely,
Allison Anderson, MS, RN, CPNP-PC
Membership Update
By Rumi Yokota

Current Chapter Membership: 240

Membership benefits include local CE and networking events, job posting, and an invite to our national NAPNAP conferences.

Legislative Report
By Vanessa Puschendorf and Colleen Surmay

Greetings from your 2019-2020 legislative team! We’re excited to continue to update you about what’s happening in the California legislature for another year!

As of August 12th, legislature has reconvened from summer recess. Please see below for the most current standings of bills we are tracking.

Legislative Report (cont.)

importance to your patient population.

In August 2019, the Trump Administration announced the final ruling to make changes to “public charge” policies that could make it more challenging for many immigrants to gain legal status in the United States. The new ruling will include use of health, nutrition and housing programs when determining “public charge”. For more information about changes to the rule and to learn about the implications on the health of our patients and families please review the Kaiser Family Foundation fact sheet [https://www.kff.org/disparities-policy/fact-sheet/public-charge-policies-for-immigrants-implications-for-health-coverage/](https://www.kff.org/disparities-policy/fact-sheet/public-charge-policies-for-immigrants-implications-for-health-coverage/).

As always, your advocacy efforts are essential to creating change for children and families. For more information on how you can get involved please visit the NAPNAP website at [www.napnap.org/advocacy-center](http://www.napnap.org/advocacy-center).
