Letter from the President

Dear SF Bay Area NAPNAP Members,

I am honored to serve and take on a leadership role within our local NAPNAP board as the 2017-2018 president. I've been involved in the SF Bay Area Chapter over the past three years, and I am proud to carry on the service our chapter has provided for our local community. This year, we will continue to provide opportunities for education, networking, community service, career opportunities, and to stay current on pertinent legislation for our nurse practitioners.

Our first event of the upcoming term is our 8th Annual Fall Conference, which will take place on Saturday, October 20, at the Crowne Plaza Hotel in Palo Alto. We have a great lineup of speakers from across the Bay who will present on up to date topics for pediatric conditions in both primary and acute care settings. Registration is now open and can be found on our website at www.sfnapnap.org.

The success of our chapter and events we put on for our community is only due to the continued participation of our valued membership. We also appreciate input from our members, and we encourage our community to give us feedback on what they would like to see from the organization. Feel free to contact us with questions, concerns, or other opportunities that you would like to share with your fellow Bay Area PNP's.

Thank you for your involvement and support, and we look forward to another successful year.
Sincerely,

Claudine Cho, MS, RN, CPNP
SF Bay Area NAPNAP President

Save the Date!

**Winter
Charity Fundraiser**
January 12, 2019

Community Service Update

Allison Beattie & Gina Dagher

Save the Date!!

Please join us for our 7th Annual Winter Charity Fundraiser on January 12, 2019 (location and time TBD).

This year SF Bay Area NAPNAP will sponsor MISSEY (Motivating, Inspiring, Supporting & Serving Sexually Exploited Youth). Founded in 2007, MISSEY is a community based nonprofit organization with the mission of ending child exploitation and empowering its victims. MISSEY provides case management, life coaching, community mentoring, foster youth services, and preventative training to commercially sexually exploited youth.

Please join us for an event benefiting this incredible organization! The venue will donate a portion of all sales from the event, and 100% of entry and raffle ticket sales will go to the cause.

All are welcome, please invite your friends and colleagues! More information at www.sfnapnap.org

Legislative Report

Vanessa Puschendorf & Colleen Surmay

Greetings SF Bay Area NAPNAP members from your 2018-2019 legislative team! We are thrilled to welcome Colleen Surmay as our new legislative co-chair!

As you are all aware, there is a lot of change and uncertainty on the policy front, in particular regarding immigration. In May 2018, SF NAPNAP added our name to a list of supporters to oppose the separation of children and parents at the U.S. border. The separation of more than 2,000 children from their parents at the border is concerning to pediatric health clinicians as these events are traumatic and can have serious negative as these events are traumatic and can have serious negative lifelong health impacts. Despite the executive order that was signed by Donald Trump June 20, 2018 to stop the separation of families, many families are still apart. How can you get involved? NANAP launched a "Helping Immigrant Children" community for members who are interested in providing services and advocating for immigrant children detained at the U.S. border.

Treasurer's Report

By Emilie Menard

5/15/2018 – 9/5/2018

Previous Balance:

\$25,463.82

Ending Balance:

\$27,469.79

Legislative Report (cont.)

California's legislative session has come to an end as of August 31st, with several bills on Governor Jerry Brown's desk to be either vetoed or signed into law by September 30th. SB 1192- Children's Meals requires that restaurants that serve meals marketed for children make the default drink option served in bundled meals a healthy beverage (ex. water, milk, sparkling water). Families can still request an alternative beverage when they order. The goal of this bill is to better inform consumers of the impact of sugary beverages on their families' health. On August 31st, the California Assembly and Senate passed SB 328 a bill to delay school start times for all publicly funded middle and high schools. The measure requires start time to be no earlier than 8:30am; zero period electives would still be offered. The bill is now on the desk of Gov. Jerry Brown for a possible signature. more:
